

Assignment-1:commands used are below

```
$ history
1  pwd
2  mkdir git-demo
3  cd git-demo
4  vim hi.py
5  vim hi.py
6  cat hi.py
7  git config --global user.name "Pavithra Machha"
8  git config --global user.email "machhapavithra@gmail.com"
9  git config --list
10 git init
11 ls -la
12 git add hi.py
13 git status
14 git commit
15 git commit -m "this is the first version"
16 vim hi.py
17 git add hi.py
18 git status
19 git commit -m "this is the version2"
20 cat hi.py
21 git log --oneline
22 git checkout 5e85cba
23 cat hi.py
24 pwd
25 mkdir git-demo1
26 cd git-demo1
27 vim hi.py
28 cat hi.py
29 git config --global user.name "pavithra"
30 git config --global user.mail "machhapavithra@gmail.com"
31 git congig --list
32 git config --list
33 git init
34 ls -la
35 git add hi.py
36 git status
37 git commit -m"this is commit1"
38 vim hi.py
39 cat hi.py
40 git add hi.py
41 git status
42 git commit -m"this is commit2"
43 git log --oneline
44 git checkout 266b7f1
45 cat hi.py
```

Assignment-2:commands used are below

```
46  pwd
47  mkdir branching-git
48  cd branching-git
49  git init
50  ls -la
51  git branch
52  vim login.txt
53  cat login.txt
54  git add login.txt
55  git status
56  git commit -m"this is first commit"
57  vim registration.txt
58  git add registration.txt
59  git status
60  git commit -m"this is second commit"
61  git log --oneline
62  git branch payments
63  git branch
64  ls
65  git switch -c payments
66  ls
67  git switch payments
68  git branch
69  ls
70  vim payment.txt
71  git add payment.txt
72  git commit -m"this is third commit payments"
73  ls
74  git switch master
75  ls
76  git merge payments
77  ls
78  git log --oneline
79  cat payments.txt
80  cat payment.txt
```

Assignment-3:used commands are below

```
93  mkdir myfirstrepo1
94  cd myfirstrepo1
95  git init
96  vim document1
97  git add document1
98  git status
99  git commit -m"this is c1"
100 git remote add origin https://github.com/machhapavithra-2105/myfirstrepo1.git
101 git remote -v
102 git remote -v
103 git push origin master
104 git push origin master
105 history
106 vim documet2.txt
107 git add document2.txt
108 git status
109 git add document2.txt
110 git status
111 pwd
112 mkdir myfirstrepo
113 cd myfirstrepo
114 git init
115 vim document1.txt
116 git add document1.txt
117 git status
118 git commit -m"commit1"
119 git remote add origin https://github.com/machhapavithra-2105/myfirstrepo.git
120 git remote -v
121 git push origin master
122 vim document2.txt
123 git add document2.txt
124 git status
125 git commit -m"commit2"
126 git push origin master
127 git pull
128 ls
```

```
138 git clone https://github.com/machhapavithra-2105/myfirstrepo.git
139 cd myfirst repo
140 ls
141 cd myfirstrepo
142 ls
143 git clone https://github.com/machhapavithra-2105/myfirstrepo.git
144 cd myfirstrepo
145 ls
```
